## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2017-18)**

The EDUHSD Virtual Academy at Shenandoah is the only dependent charter school within the El Dorado Union High School District. The Virtual Academy is set in a rural landscape in the Sierra Foothills adjacent to the Union Mine High School campus.

In May of 2016, the El Dorado Union High School District Board unanimously approved the EDUHSD Virtual Academy at Shenandoah's petition for renewal of the school's charter for a term of five years. This followed an extensive review of the school's academic progress and fiscal standing.

EDUHSD Virtual Academy at Shenandoah provides an online blended learning model that utilizes Canvas: The same learning management system used by our local community college. Additionally, students use district approved Apex courses to fulfill elective requirements. Starting in the spring of 2016, the Virtual Academy began utilizing Middlebury University's curriculum in order to provide students with an A-G approved foreign language program. Many Virtual Academy students also enroll concurrently at Folsom Lake College. Starting in the spring of 2018, Folsom Lake College will offer two college level courses on site at the Virtual Academy during the school day.

The Virtual Academy provides students with a comprehensive, individualized, and rigorous approach to their high school education. Students have the opportunity to complete district graduation requirements, with the enhancement of concurrent enrollment at the other district high schools or by completing college credit through the Advanced Education Option and Advanced Placement courses.

A blended 4x4 schedule offers a mix of yearlong courses and courses that are completed in the traditional semester time frame. Students are provided with the support needed for all major subject areas, including science labs, foreign language, and core subjects. Weekly tutorials are available for students needing additional support. Every student, at each grade level, is encouraged to participate in an internship with at least one local business or organization each year.

Currently, there are four core content teachers, an RSP teacher, an instructional tech part-time Internship Coordinator, an administrator, and a part time counselor. The school has a part-time, groundskeeper, maintenance person, custodian, nurse, and psychologist. The school also has a full-time Secretary III who functions as the secretary, administrator's assistant, and registrar.

The EDUHSD Virtual Academy is committed to providing the technological resources necessary to prepare students for the future. Over the past three years, the district has provided Chromebook carts to sites throughout the district. With the two Chromebook carts, containing 35 computers each, combined with desktop computers in classrooms, the Virtual Academy has reached a one to one device to student ratio. Students use computers on a daily basis to access online instructional programs through the learning portal, Canvas, including resources such as APEX Learning for elective courses. SMART Boards are available to provide interactive instruction to students in both face-to-face and virtual formats. Students and teachers frequently share their computer desktops to enhance instruction and support student understanding of the curriculum.

Juniors and seniors are highly encouraged to take advanced education courses at Folsom Lake College: El Dorado Center or Folsom campus. In 2014-2015 there were four students participating in college classes; 2015-16 there were 3 students; and in 2016-17 there were 11 students. When considering the block schedule and the availability of college level course available through FLC, students have the opportunity to earn in excess of one year of college credit upon graduation from high school.

#### **Mission Statement**

By providing a rigorous, relevant, cutting-edge, technology based education the EDUHSD Virtual Academy at Shenandoah prepares students for college, careers, and for the global community of lifelong learners by engaging one student at a time.

**A. Conditions of Learning**

**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

The state of our school from a facility perspective is good. Our school continues to be an extremely clean facility with adequate janitorial staffing according to CASBO recommendations. Our site is safe and all necessary repairs to maintain a safe school have been completed.

**School Facility Good Repair Status (Most Recent Year)**

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	81	71	81	76	48	48
<b>Mathematics (grades 3-8 and 11)</b>	39	58	58	55	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
<b>All Students</b>	26	24	92.31	70.83
<b>Male</b>	12	12	100	83.33
<b>Female</b>	14	12	85.71	58.33
<b>Black or African American</b>	--	--	--	--
<b>Asian</b>	--	--	--	--
<b>Hispanic or Latino</b>	--	--	--	--
<b>White</b>	22	20	90.91	65
<b>Socioeconomically Disadvantaged</b>	--	--	--	--
<b>Students with Disabilities</b>	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	26	24	92.31	58.33
Male	12	12	100	75
Female	14	12	85.71	41.67
Black or African American	--	--	--	--
Asian	--	--	--	--
Hispanic or Latino	--	--	--	--
White	22	20	90.91	55
Socioeconomically Disadvantaged	--	--	--	--
Students with Disabilities	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	75	59	75	70	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

**Career Technical Education Programs (School Year 2016-17)**

The El Dorado Union High School District provides a rich variety of CTE Pathways for all students. Students are able to take CTE classes at campuses other than their own. All CTE courses are available to all students.

Students at the EDUHSD Virtual Academy partake in a variety of CTE courses at other sites throughout the district. The EDUHSD Virtual Academy helps support two CTE pathways on our campus: the ROP Cosmetology program and the ROP Dental program.

The EDUHSD Virtual Academy also offers other courses and programs that are specifically focused on career preparation. The Internship Program offered on site provides students with the opportunity to participate in any of over 100 internship placements throughout greater El Dorado and Sacramento counties. In many cases, these internships have led to careers for students following graduation.

Students are also afforded the opportunity to take up to two college courses per semester at Folsom Lake College, thus furthering their access to CTE coursework.

### Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation
Number of pupils participating in CTE	17
% of pupils completing a CTE program and earning a high school diploma	21%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0

### Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	100
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	11.76

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

Parent involvement is strongly encouraged at our school. As a charter school we have a Charter Advisory Committee which all parents are welcome to apply to be on or to publically attend. These public meetings are held once a month. The Charter Advisory Committee votes on how federal categorical dollars are spent. They are part of the WASC accreditation process and they have input in how the LCAP supplemental money is spent in our school and district.

The parents in the Charter Advisory Committee also help to develop and set the school mission and vision every year. This group also participates in defining the school goals for each year.

Through direct access to their student's Canvas learning management accounts, parents are afforded opportunities to engage in continual oversight of their student's academic progress as well as communicate easily with teachers. Additionally, the director is available to meet with parents on college and career planning issues with parents and students, including weekend appointments on a bimonthly basis.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State

English Learners	0	75	55.44
Students with Disabilities	100	99.38	85.45
Foster Youth	100	83.33	68.19

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**Suspensions and Expulsions**

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

Expulsions	1.31	0	0	0.23	0.2	0.3	0.09	0.09	0.09

**School Safety Plan (School Year 2017-18)**

The Virtual Academy takes a comprehensive approach to safety on its campus. The school safety plan is reviewed every year by the staff at the beginning of the year. The School Safety Plan is also reviewed by the school's Charter Advisory Committee once a year.

The Virtual Academy holds one staff meeting a year committed solely to safety. Each emergency plan is gone through in great detail. Teachers are allowed to ask questions and make suggestions at these meetings. Teachers bring their emergency supplies to this meeting and report any missing pieces for a replacement. The school administrator and lead teacher attend all district, county, and law enforcement safety meetings.

On an annual basis, the El Dorado County Sheriff School Resource Officer meets with all staff to review the safety plan, lockdown and evacuation procedures, as well as reviews pertinent safety information from a preventative approach. All updates and changes of protocols brought forward in these meetings are implemented into the school safety plan. All elements of the safety plan that involve outside organizations are reviewed with those organizations to ensure they are still a viable partner.

Each term the Virtual Academy practices all of the emergency plans. These plans include fire, earthquake, evacuation, and lockdown drills. Reviews are held after all drills and actual emergencies to seek improvements to the plan. All students and staff have to take place in these drills to ensure their safety in an actual event.

During the school day the campus is patrolled by one campus monitor. The lunch period and time before and after school are also monitored by the teaching staff and school administration. The Virtual Academy takes every precaution to ensure the total safety of its campus, students, and staff.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### Federal Intervention Program (School Year 2017-18)

Indicator	School	District

**Types of Services Funded (Fiscal Year 2016-17)**

For the 2016-17 fiscal cycle, the Virtual Academy committed resources to help ensure that all students had the adequate supports necessary to succeed in high school and beyond. With the oversight of the Charter Advisory Committee, the Virtual Academy engaged in efforts designed to improve student outcomes in mathematics through a dedicated math support class and accompanying online remediation software.

In order to help improve student A-G rates and the ability to matriculate into a university after high school, the Virtual Academy invested in an online, UC approved Foreign Language program through Middlebury University. While costly, the program has provided students with high quality foreign language instruction with the support of a university level teacher. The program has allowed for students to not only complete the foreign language requirement needed for college, but also to explore languages that have not been traditionally offered in the El Dorado Union High School District.

## Professional Development (Most Recent Three Years)

---

Over the past few years, the El Dorado Union High School District has committed substantial time and resources to professional development for staff, faculty, and administration. While there have been many different opportunities for professional growth, the overarching theme as a district as well as at the Virtual Academy has been on the implementation of best practices centered around technology, improving outcomes for all students through the development of a Multiple Tier System of Support (MTSS), as well as targeted trainings focused on developing instruction and practices that support struggling learners, students with special needs, and students living in poverty.

Administrators throughout the district, including those at the Virtual Academy, have spent the past several years focused on improving the teacher evaluation process with the goal being to improve classroom instructional practices to enhance student achievement. While administrators have engaged in ongoing trainings and professional learning community meetings, the faculty at the Virtual Academy and district wide have also participated in numerous professional development opportunities also focused on improving instructional practices. Most recently, these have included attendance at the Assessment Training Institute in Portland, Oregon followed by onsite trainings and professional learning communities which focus on the implementation of the practices garnered at the trainings.

The continual cycle of improvement that all staff at the Virtual Academy have engaged in has led to the implementation of cutting edge practices that provide increased individualization of instruction, learning in a flexible environment, and improved opportunities for students to prepare for post-secondary options.
